

APRIL EVENT

The next Little Rhody Division event is scheduled for **Saturday, April 7th** at **East Greenwich United Methodist Church**, 1558 South County Trail, East Greenwich, RI 02818. Parking and entrance at the rear of the building. Spouses and guests are always welcome.

We will begin with coffee, donuts and socializing at **9:30 AM**, followed by information sharing and a short business meeting at about **10 AM**. Plus, as always, we will share ASK A QUESTION/SOLVE A PROBLEM, a forum for our in-house experts to answer your questions and solve your nagging model railroad problems. If there is sufficient interest, we will **send out for lunch** at **Noon**.

This month we continue with our series of presentations targeted at the inexperienced model railroader. Our topic this month is **Basic Wiring**. Perfect for the beginner model railroader. **David Dekonski**, of the Little Rhody Division, will discuss power supplies, basic DCC, wiring your layout and decoder installation. David will also field questions from the floor.

May Event

Mark your calendar for the morning of Saturday, May 5th. Location will be the East Greenwich United Methodist Church. Our topic will be "**Advanced Scenery**", aimed at the beginner model railroader. Justin Maguire, will be presenting. **Again**, this is a broad topic, with many subtopics that we can discuss. If you have any specific topics/questions related to scenery you would like to have discussed, please let me know as soon as possible and we will try to have it addressed in the presentation.
