Final announcements and adjournment

All times for this "first time" virtual event are approximate as exact lengths of the presentations are somewhat indeterminate. We will likely have to make adjustments as we go along and adapt to this new way of sharing in our hobby. Please bear with us and enjoy the experience.

Refer to my previous e-mail (dated May 26, 2020) for a description of the clinics and future events.

As always, please contact me with any questions or issues. If I don't know the answer, I will pass it to someone who can. Also, if you have any suggestions for future events, please let me know.

Stay well,
