

SEPTEMBER EVENT

This event will take place virtually, using *Zoom*, on **Saturday, September 12th**, beginning at 9:30 AM. You should plan to download the *Zoom* application in advance so you are ready to go.

Past Superintendent Stephen Erickson is the host for this *Zoom* meeting. Use the link under "Join Zoom Meeting" above to connect. You will be in a "waiting room" upon entry and Steve will "let you in" to the meeting. Please plan to log in a few minutes early if you are new on *Zoom*.

Please feel free to invite a fellow model railroader to join us for this event. You may share the access information with them, but please do not post for viewing by the general public.

-

-

All times for this virtual event are approximate as exact lengths of the presentations are somewhat indeterminate. We will likely have to make adjustments as we go along and adapt to this new way of sharing in our hobby. Please bear with us and enjoy the experience.

Refer to my previous e-mail (dated August 31, 2020) for descriptions of the clinics and future

events.

As always, please contact me with any questions or issues. If I don't know the answer, I will pass it to someone who can. Also, if you have any suggestions for future events, please let me know.
