

HAPPY
HOLIDAYS

December's Yankee Swap

Traditionally, the Little Rhody Division has held a Yankee Swap during our December Holiday Event. With the restrictions on gatherings, our Holiday Event, including the Yankee Swap and Swedish meatballs, must go virtual. The meatballs are up to you. But, the Yankee Swap has morphed into a Pandemic Virtual Version. Here's how it will work (hopefully, with fingers crossed):

If you wish to participate, send your name, scale in which you model, and info about yourself to Superintendent Sue Osberg at sosberg1701@gmail.com before **Sunday, November 15**. Sue will randomly match each participant with a "giftee" and send the information to you. Then, you have a few options: (1) Choose something from your own collection of "stuff", package it up and send it along to your assigned "giftee", or (2) Choose something from another source (Amazon, Etsy and Micromark are suggested - search for model railroad gifts or supplies) and have them send it directly to your "giftee". Let's keep the price under \$20. Should you live close enough, you may be able to deliver the gift yourself. Your choice. With a little bit of luck, these gifts will arrive at their destination in time for opening during our **December 5th** virtual meeting.

Please note that participation in this Yankee Swap is optional.

Enjoy and see you on December 5!

Sue Osberg
Superintendent, Little Rhody Division

PS: More information on our December Event will be sent before Thanksgiving.
Have a Happy and Joyful Thanksgiving!
